Dear Cilaire Families,

On Dec. 18<sup>th</sup>, our grade 6 and 7 students took part in what we are calling, Cilaire Gives Back! This was all part of their classroom learning around those who are less fortunate than ourselves, homelessness, and the importance of giving back. They started the morning off with a pancake breakfast and then headed out to volunteer their time at a variety of local organizations. Our plan is to make this learning experience an annual event for our grade 6 and 7 students.

Our Christmas Celebration was beautiful! Thank you to Mrs. Harms and our staff and students for everything they did to help spread the spirit of Christmas into all of our hearts. I often think that the only thing more heartwarming than watching our students up on stage, is watching our families in the crowd whose faces are bursting with love and adoration for their child. It really is a remarkable sight!
