

#TEAMCILAIRE

A message from our Cilaire staff (and pets) to our beloved students!
(Please show your student/s)

#TEAMCILAIRE

Thank you for continuing to spread LOVE throughout the world!

April 4, 2020

Dear Cilaire Families,

I hope this email finds you and your family well. It has certainly been an interesting week for all of the teachers and support staff at Cilaire School. Over the past few days, staff have been meeting online to discuss our learning plans moving forward. Please know that our learners are at the forefront of every conversation and dialogue we are having each day. We miss the day-to-day contact with our students and we are so grateful that we have had the chance to connect with you over the past few days to find out how you are doing and how we can best support you as we engage in home learning. If you have not heard from a Cilaire staff member yet, please email with your up-to-date contact information so we can ensure you receive future communications.

By the middle of the coming week, you will see some initial learning opportunities come to your homes via email or phone calls as teachers begin to roll out basic plans for your child's continuity of learning. Please know this is being done thoughtfully and slowly to make sure that all of our students have access to the resources they need and that they will be able to engage in learning in a meaningful and supported way.

We do appreciate everyone's ongoing support and understanding as we work through the challenges of this transition to home learning.

Please continue to visit the NLPS website for up the most recent and updated information. www.sd68.bc.ca

Please don't hesitate to reach out to me with any questions or concerns.

On behalf of the Cilaire staff, we wish our Cilaire school community a positive, healthy, and calm weekend.

Sincerley,

Carie Wood
